

## Acordis Technology & Solutions Attends Miami Heat Gala at The Fillmore Miami Beach

For Immediate Release

**MIAMI, FLORIDA**—Acordis Technology & Solutions, the official IT Solutions Provider for the Miami Heat, attended the annual Miami Heat Gala on February 10, 2018, benefitting the Miami Heat Charitable Fund, at the Fillmore Miami Beach.

The Miami HEAT Charitable Fund consists of members including wives of active Heat coaches, players, select senior executive management as well as player mothers and family. The group works to assist the South Florida community through activities including the organization of various fundraising efforts, the Annual Safe Space Holiday Outreach initiative, the Domestic Violence Prevention Walk and other numerous hours of volunteer contributions.

The Miami HEAT Charitable Fund supports programs for the betterment of at-risk families in South Florida and provides educational scholarships for high school seniors and partners with inner-city elementary schools to fund the HEAT Academy, which provides after-school tutoring and mentoring programs. One of the Miami HEAT Charitable Fund programs is Home Strong, which salutes and honors the courageous men and women in uniform for their dedication to the United States Armed Forces. Pat Riley and the Miami HEAT created this initiative as a means of demonstrating support and paying tribute to our soldiers and veterans. The program is currently working and planning to further assist with the unmet needs of military personnel and their families who have returned from Iraq and Afghanistan and reside in the South Florida area.
