

Acordis Technology & Solutions is now a Partner of Palo Alto Networks

Miami, Florida – *Acordis, a prominent IT consulting firm headquartered in Miramar, Florida, is now a partner of Palo Alto, the global cybersecurity leader. Together, they are empowering organizations to work securely from anywhere.*

Acordis Technology & Solutions is best known for its expertise, performance, and knowledge in managed IT services, data management, [cloud computing](#), digital signage, IT security and more. Acordis helps bring advanced ideas to the table while implementing cutting-edge technology that delivers solutions, streamlines processes, and helps companies stay more productive and reduce operating costs. Being persistent on it, they are proud to announce that they are a partner of Palo Alto Networks.

Palo Alto Networks is shaping the cloud-centric future with technology that is transforming the way people and organizations operate. They help address the world's greatest security challenges with continuous innovation that leverages the latest advances in artificial intelligence, analytics, automation, and orchestration. By offering an integrated platform and empowering a growing ecosystem of partners, they are at the forefront of securing tens of thousands of organizations across clouds, networks, and mobile devices.

By becoming a partner of Palo Alto, Acordis can strengthen business operations by increasing automation and improving response times. With Acordis and Palo Alto's transformation services, tools, best practices and assistance, organizations can prevent or mitigate cyber-attacks. Services, delivered by Palo Alto Networks and Acordis Technology & Solutions, help align your people, procedures, and processes with business' needs; enabling a level of confidence that is unprecedented.

Acordis has partnered with Palo Alto to help build a more secure future for the world. Acordis Technology & Solutions and Palo Alto Networks ensure each day is safer and more secure than the one before.

###
